

CHANGING ROOM NOTICE

Where possible, students should try to arrive already wearing their uniform or dance wear.

When using the RAD changing facilities:

1. Visitors and students should **only** use the designated male, female or family changing rooms. If you are not sure which room to use, please check with reception.
2. There will be times when children will share changing rooms with adults. Supervising adults **must** be the same gender as the child in their care. Where this is not possible, the Family Changing Room should be used.
3. With the exception of the Family Changing Room, **no one** should enter male / female changing rooms while in use by members of the opposite sex.
4. We reserve the right to ask for young people to be supervised by parents, guardians, or staff, but **cannot** guarantee that children will be overseen at all times.
5. Parents and guardians of children aged 3–4 years should remain nearby and in contact during their child's activity.
6. Children under 11 years **must** be supervised by parents or guardians while changing, and until their activity begins.
7. Mobile telephones or other photography or filming devices **must not** be used for taking photographs or filming under any circumstances.
8. Any concerns or incidents **must** be reported without delay to the receptionist or to the department organising the activity.
