

## Regulation in England, Wales and Northern Ireland

The Regulated Qualifications Framework (RQF) provides a single, simple system for cataloguing all regulated qualifications, indexing qualifications by their level (degree of difficulty) and size (amount or breadth of learning).

For some qualifications, size is indicated by a credit value, corresponding to a term used in the title. An Award is worth 1-12 credits, a Certificate is worth 13-36 credits, and a Diploma is worth 37 or more credits. One credit corresponds to 10 hours of learning for the typical learner.

The RAD's qualifications are accredited on the Regulated Qualifications Framework as follows:
